## **EUROPEAN STUDIES MINOR**

The minor in European Studies, which is administered by James Madison College, is available as an elective to students who are enrolled in bachelor's degree programs at Michigan State University. With the approval of the department and college that administer the student's degree program, the courses that are used to satisfy the requirements for the minor may also be used to satisfy the requirements for the bachelor's degree.

The minor in European Studies provides an opportunity for students to pursue a significant and coherent body of course work in the culture, history, politics, economics, and geography of Europe. Some of the courses in the minor focus on individual countries, while other courses are comparative and cross-national.

Students who elect the minor in European Studies are encouraged to complete courses that are related to Europe in partial fulfillment of the University Integrative Studies requirement.

## **Requirements for the Minor in European Studies**

The student must meet the requirements specified below:

- 1. **Foreign Language Proficiency:** The student must demonstrate proficiency in a European language at a level equivalent to the completion of four semesters of study at the university level. The results of the MSU foreign language placement test will be considered in determining whether or not the student has fulfilled this requirement.
- 2. **European Studies Courses:** The student must complete a minimum of three courses totaling at least 12 credits selected from at least three of the following groups of courses:
