## **EUROPEAN STUDIES MINOR**

The minor in European Studies, which is administered by James Madison College, is available as an elective to students who are enrolled in bachelor's degree programs at Michigan State University. With the approval of the department and college that administer the student's degree program, the courses that are used to satisfy the requirements for the minor may also be used to satisfy the requirements for the bachelor's degree.

The minor in European Studies provides an opportunity for students to pursue a significant and coherent body of course work in the culture, history, politics, economics, and geography of Europe. Some of the courses in the minor focus on individual countries, while other courses are comparative and cross-national.

Students who elect the minor in European Studies are encouraged to complete courses that are related to Europe in partial fulfillment of the University Integrative Studies requirement.
