A new class of JMC graduates is ready to make a world of difference.

James Madison College recognized 195 new grads as they walked across the Wharton Center stage to receive their diplomas at the college's 43rd spring commencement ceremony. The celebration was a testament not only to the hard work and dedication of the graduating students and their professors, but also to the support of countless James Madison College alumni, faculty, parents, and friends, whose donations to the JMC Annual Fund and endowments provided financial support and special educational opportunities for all Madison students.
